

## 2020-C Sierra HD Finishing Cap Kit Mounting Diagram and Instructions FC004K

## **INSTALLATION** (For ease of installation it is suggested that the wheel be removed)

- 1. Remove the 5 factory screws from the existing factory guard. Set this hardware aside for later reinstallation.
- 2. Gently pull the guard from the truck.
- 3. Position cap, ensuring the top lip of the cap slides under the fender molding as shown and reinstall factory hardware.
- 4. Repeat procedure on passenger side.

FACTORY CAP (GUARD) DRIVER SIDE SHOWN

FINISHING CAP (GUARD) DRIVER SIDE SHOWN
