GROWLER

HITCH STEP

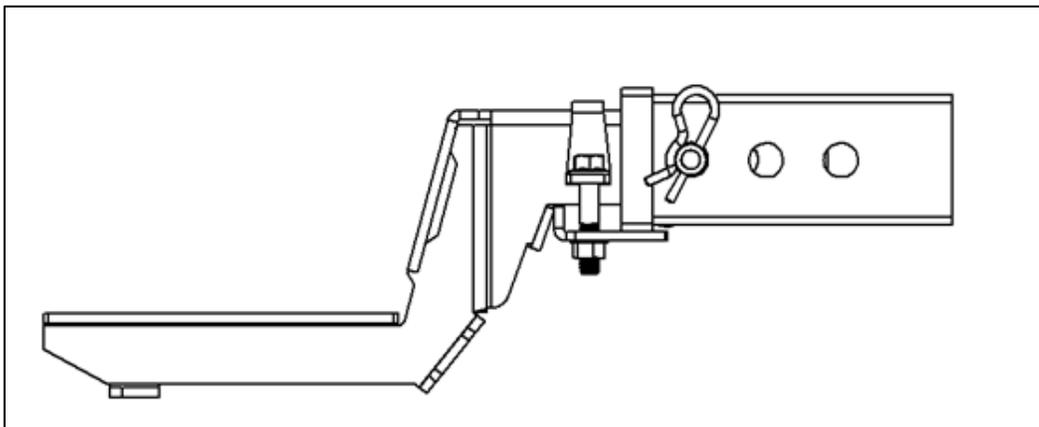

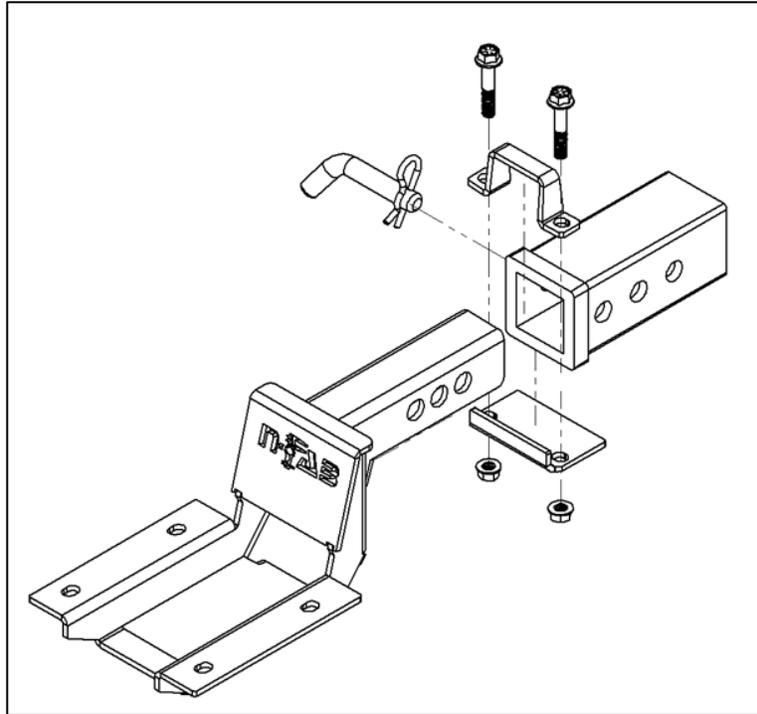

INSTALLATION

Step 1: Insert the Hitch step frame into the vehicles receiver.

Step 2: There are three positions for alignment. Align the nearest hole you choose to the hole in your receiver.

Step 3: Insert the supplied hitch pin through the holes and secure with the cotter key provided.

Step 4: Next, install the Anti-rattle strap and plate using the supplied 3/8"x2" flanged hex bolts and 3/8" flanged nuts and secure.

I-SHEET PART NUMBER: INST-00206

PART NUMBER: GHS2018-TX

PRODUCT: HITCH STEP

APPLICATION: 2" RECEIVER

Step 5: Install the GROWLER step on the hitch frame using the provided (x2) 7" clamp plates and (x4) 3/8"X1' hex bolts. **NOTE: Be sure the step is centered on the frame mount with equal overhang on each side before tightening.** Tighten all (x4) 3/8" hex bolts.

This concludes the install.
