

## Section 1. Product and Company Identification

**Product Identifier** CW12 - Body Wash  
**Product Use Description:** Pink liquid with Cherry fragrance for automobile exterior cleaning.

### Manufacturer or suppliers' details

P & S Sales, Inc  
20943 Cabot Blvd.  
Hayward CA 94545

Emergency Number: 800-255-3924  
Customer Service: 510-732-2628  
Business Fax: 510-732-2632

## Section 2. Hazards Identification

### GHS Classification

**Skin Corrosion/Irritation** : Category 2  
**Eye Damage** : Category 1

### GHS Label Elements

#### Hazard Pictograms

**Hazard Word**                      **Danger**

#### Hazard Statements

Causes skin irritation  
Causes serious eye damage

#### Precautionary Statements

P264: Wash skin thoroughly after handling  
P280: Wear protective gloves/protective clothing/eye protection/face protection  
P302+352: IF ON SKIN: Wash with soap and water  
P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing  
P332: present and easy to do – continue rinsing  
P313: IF SKIN IRRITATION OCCURS:  
P362: Get medical advice/attention  
Take off contaminated clothing and wash before reuse  
Store away from incompatible materials.  
Dispose of contents/container in accordance with local/regional/national/international regulations.  
Toxic to aquatic life.

## 3. Composition Information on Ingredients

CAS Number	Wt %	Component Name
------------	------	----------------

68439-57-6  
68585-34-2

5-10%  
10-15%

Alpha Olefin Sulfonate  
Sodium Laureth Sulfate

Amounts specified are typical and do not represent a specification. Remaining components are proprietary, non-hazardous, and/or present at amounts below reportable limits.

#### 4. First Aid Measures

**Skin contact:** Remove contaminated clothing. Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

**Eye contact:** Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.

**Ingestion:** Rinse mouth. Get medical attention if symptoms occur.

#### 5. Fire Fighting Measures

Extinguishing Media:

On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO<sub>2</sub>), dry chemical or water spray. Water can be used to cool fire exposed containers.

Fire Fighting Measures:

Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

Unusual Fire Hazards:

None

#### Hazardous Decomposition Products

Thermal breakdown of this product during fire or very high heat conditions may evolve the following hazardous decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Metal oxides.

#### 6. Accidental Release Measures

Determine whether to evacuate or isolate the area according to your local emergency plan. Observe all personal protection equipment recommendations described in Sections 5 and 8. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbant. Clean area as appropriate since spilled materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbant or cleaning materials appropriately, since spontaneous heating may occur. Local, state and federal laws and regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which federal, state and local laws and regulations are applicable. Sections 13 and 15 of this MSDS provide information regarding certain federal and state requirements.

**7. Handling and Storage**

Use with adequate ventilation. Avoid eye contact.

Use reasonable care and store away from oxidizing materials.

**8. Exposure Controls and Personal Protection**

68439-57-6	Alpha Olefin Sulfonate	not established
68585-34-2	Sodium Laureth Sulfate	not established

**Engineering Controls**

Local Ventilation: None should be needed.

General Ventilation: Recommended.

**Personal Protective Equipment for Routine Handling**

Eyes: Use proper protection - safety glasses as a minimum.

Skin: Washing at mealtime and end of shift is adequate.

Suitable Gloves: No special protection needed.

Inhalation: No respiratory protection should be needed.

Suitable Respirator: None should be needed.

Precautionary Measures: Avoid eye contact. Use reasonable care.

Comments: When heated to temperatures above 150 degrees C in the presence of air, product can form formaldehyde vapors. Formaldehyde is a potential cancer hazard, a known skin and respiratory sensitizer, and an irritant to the eyes, nose, throat, skin, and digestive system.

Safe handling conditions may be maintained by keeping vapor OSHA Permissible Exposure Limit for formaldehyde.

**9. Physical and Chemical Properties**

<b>Flash Point</b> >213.8 °F	<b>Upper Flamability Limit</b>	Not Determined
<b>Auto Ignition</b> Not Determined	<b>Lower Flamability Limit</b>	Not Determined
<b>Physical State</b> Liquid	<b>Color</b> Red	<b>Vapor Press</b> Not Determined
<b>pH</b> 7-8	<b>Specific Gravity</b> .99	<b>Viscosity</b> 100 cst
<b>Vapor Density (Air=1)</b> Not Determined	<b>Melting Point °F</b> 25°F	<b>Odor</b> Cherry
<b>Water Solubility</b> complete	<b>VOC Content</b>	.05 lb/gal

**10. Stability and Reactivity**

**Stability** Stable **Hazardous Polymerization** Not Expected to Occur

**Conditions to Avoid** Oxidizing materials can cause a reaction

**Hazardous Decomposition Products** When heated to temperatures above 150 degrees C in the presence of air, product can form formaldehyde vapors. Safe handling conditions may be maintained by keeping vapor OSHA Permissible Exposure Limit for formaldehyde.

## 11. Toxicological Information

**Inhalation:** No adverse effects due to inhalation are expected.

**Skin contact:** Causes skin irritation.

**Eye contact:** Causes serious eye damage.

**Ingestion:** Expected to be a low ingestion hazard.

**Symptoms related to the physical, chemical and toxicological characteristics:** Severe eye irritation.

Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain.

## 12. Ecological Information

Aquatic LC50  $\geq$  1.0-10 mg/Kg

This product is expected to be readily biodegradable

## 13. Disposal Considerations

RCRA Hazard Class (40 CFR 261)

When a decision is made to discard this material, as received, is it classified as a hazardous waste? No

State or local laws may impose additional regulatory requirements regarding disposal.

## 14. Transportation Information

Not subject to DOT. Not regulated

Not subject to IMDG code.

Not subject to IATA regulations

## 15. Regulatory Information

**OSHA Hazards :** Immediate Hazard

**EPCRA - Emergency Planning and Community Right-to-Know**

**CERCLA Reportable Quantity** - This material does not contain any components with a CERCLA RQ.

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

Not Regulated

**SARA 311/312 Hazards :** None

**SARA 302:** No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313: SARA 313:** Not Regulated

**California Prop. 65 :** This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

**16. Other Information**      **Revision Date**    5/22/2015

The information and recommendations are offered for the user's consideration and examination, and it is the user's responsibility to satisfy itself that they are suitable and complete for its particular use. If buyer repackages this product, legal counsel should be consulted to insure proper health, safety and other necessary information is included on the container.
