

# UDOS<sup>®</sup> 31E

## 3-IN-1 ELECTRIC POLISHER & SANDER

UDOS<sup>®</sup> 31E combines three tools in one, for ultimate versatility and convenience. Lighter, faster and more powerful than before, 31E's rotary and random orbital modes deliver immense cutting and polishing efficiency in a user-friendly package.

Designed in the USA. Built with globally sourced materials, engineered to enhance the skills of detailers and paint technicians worldwide.

UDO pad range is recommended for optimal all-mode performance.

### SPECIFICATIONS

INPUT VOLTAGE  
120VAC / 220VAC

MOTOR POWER  
1680W

RATED RPM  
900-3600

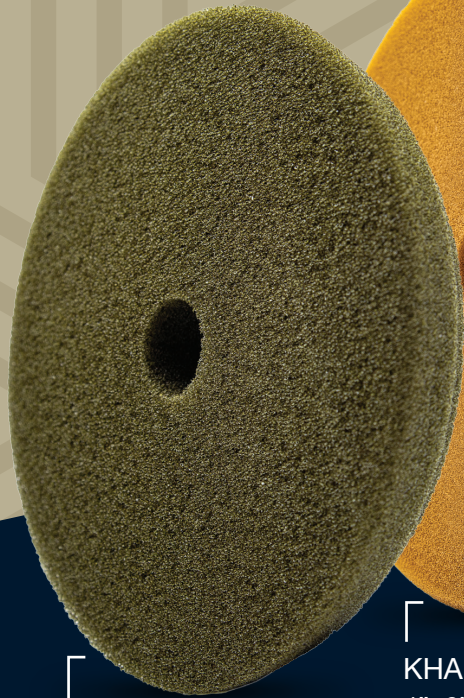

BACKING PLATE DIAMETER  
5"

FUNCTIONS  
Rotary  
8mm Random Orbital  
15mm Random Orbital

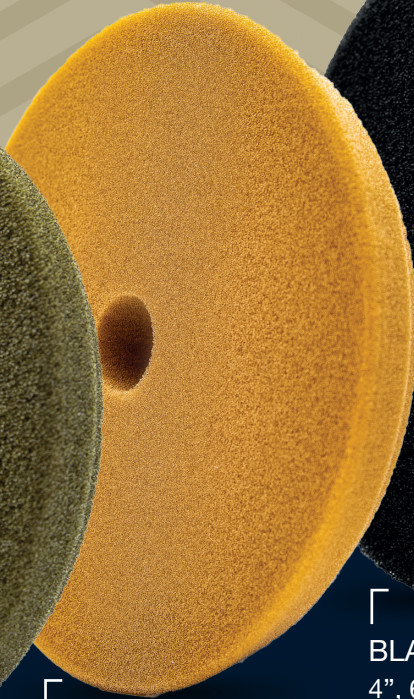

LAKE COUNTRY 

MASTERS *of* POLISHING

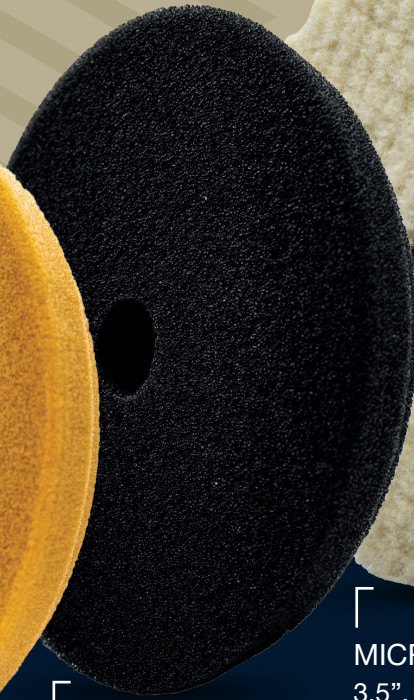

OLIVE FOAM  
4", 6", 7"

KHAKI FOAM  
4", 6", 7"

BLACK FOAM  
4", 6", 7"

MICROWOOL  
3.5", 5.5", 6.5"

## MAXIMUM PERFORMANCE

# UDO PADS

The UDO pads were designed to provide maximum performance on the LC Power Tools UDOS<sup>®</sup> machine, but also with a variety of machines on the market.

UDO pads work perfectly on both Dual Action and Rotary polishing machines. The pairing of our Engineered Tapered Profile and Active Rebound Technology ensures optimum pad performance throughout the polishing cycle.

## FEATURES

### ENGINEERED TAPERED PROFILE

The tapered profile allows you to get into hard to reach places without risking damage from the backing plate or polisher

### ACTIVE REBOUND TECHNOLOGY

Active Rebound Technology keeps the pad from flattening out and losing buoyancy for the entire polishing process, helping you produce consistent results.

### MICROWOOL

Heavy cutting pad that maximizes cutting power while staying cool. Used for removing heavy scratches and defects. Available in 3.5", 5.5" & 6.5" to fit 3", 5" and 6" backing plates.

### OLIVE FOAM

Medium to light cutting pad for tackling standard defects and moderate scratches. Available in 4", 6" & 7" to fit 3", 5" and 6" backing plates.

### KHAKI FOAM

Polishing pad used for haze correction and gloss enhancement. Available in 4", 6" & 7" to fit 3", 5" and 6" backing plates.

### BLACK FOAM

Finishing pad used to put the final shine to your polishing project. Available in 4", 6" & 7" to fit 3", 5" and 6" backing plates.
