## Mounting Diagrams

### Transfer Case Skid Plate Installation

- 1) Install the 3x mounting brackets with clinch nuts over the cross member.
- 2) Loosen the two bolts securing the back end of the #3 skid plate.
- 3) Slide the front of the #4 skid plate underneath the back of the #3 skid plate.
- 4) Install the 6x 1/4" – 1" capscrews with locking washers and flat washers to secure the rear of the #4 skid plate to the cross member.
